

News from  
**Councilmember Todd Gloria**

---

City of San Diego ▪ District Three

Friends,

As most of you know by now, a major water main broke this morning in North Park. I was onsite earlier today, and a member of my staff remains in the neighborhood to help provide resources and answer questions.

Below is information regarding the break.

A 30-inch collector pipe in the 2800 block of Polk Avenue ruptured this morning. The Water Department is excavating and will have a clearer idea of the necessary fixes by this afternoon. Water service is shut off in the 2800 and 2900 blocks of Polk Avenue and may remain off for the rest of today. The 2800 block of Polk remains closed to traffic.

If you suffered property damage due to today's water main break, please visit the City of San Diego's Risk Management Department website, <http://www.sandiego.gov/riskmanagement/services/liability.shtml#liability>. A public liability claim form is also attached to this email.

I will post updates on the blog section of my website as new information becomes available. If you have specific questions or concerns, please contact my office, 619-236-6633 or [ToddGloria@sandiego.gov](mailto:ToddGloria@sandiego.gov).

Thank you for the opportunity to serve,

Todd
